The diagram illustrates a file dependency structure. At the top is a grey rectangular box containing the header file path: `tesseract_collision/vhacd/include/tesseract_collision/vhacd/inc/vhacdICHull.h`. Below this box are two white rectangular boxes. The left box contains the source file path: `tesseract_collision/vhacd/src/vhacd/VHACD.cpp`. The right box contains the source file path: `tesseract_collision/vhacd/src/vhacd/vhacdICHull.cpp`. Two blue arrows point from the bottom of each source file box to the bottom of the header file box, indicating that both source files include or depend on the header file.
